PoeOne breaking it down at Carclew

Aspiring young artists will have the chance to discover a range of artistic experiences over the spring school holidays as part of **Explore Arts**, a program of workshops offered by Carclew Youth Arts for young people aged 5-17.

Explore Arts is a series of workshops in visual art, break dancing, filmmaking, printmaking, animation and a special glass casting workshop that includes an exclusive behind-the-scenes tour of the JamFactory.

Spring workshops will be offered from **Tuesday 25 September to Thursday 4 October**.

Workshops are offered over a full day or for the truly dedicated, a three-day animation or filmmaking workshop.

"Carclew presents an inspiring program of artistic workshops to enlighten and support the creative talents of young South Australians," said Leah Fort, Carclew's Community Project Officer.

Featuring in the spring program is a full day break dancing workshop with the most influential and respected B-Boy star of his generation, PoeOne.

"PoeOne has worked with numerous music artists including Britney Spears, Madonna and The Black Eyed Peas so it's a coup to have him here at Carclew working in South Australian," said Leah.

Leah added "Workshops were in great demand last holidays with most selling out, so we suggest booking as soon as possible."
